

Sunbury Station car park upgrade

Artist impression from Horne Street - concept only

About the project

The Victorian Government is delivering more than 300 new commuter car parking spaces at Sunbury Station.

The new spaces will be built in an extended multi-deck car park on the western side of the station.

Construction will begin in 2019.

This upgrade will

- ease parking congestion
- improve connectivity
- improve access for people of all abilities

The works are part of the Victorian Government's \$60 million investment to deliver more than 2,000 new car parking spaces at busy metropolitan stations.

Sunbury Station proposed location
